## **The Haunted House**

Once upon a time, there was a haunted house on a dark and stormy night. The wind howled and the rain beat against the windows, and the house creaked and groaned as if it were alive.

Inside the house, a group of friends were gathered around a campfire, telling ghost stories. They were all having a lot of fun, until they heard a noise coming from the attic.

They all froze and listened. The noise came again, and it sounded like someone was walking around up there.

"I'm going to check it out," said one of the friends. "I'll be right back."

The friend got up and went to the attic. He opened the door and peered inside. It was dark and dusty, and the only light came from the moon shining through the window.

The friend took a step inside, and then he stopped. He saw something moving in the shadows. It was a tall, thin figure, with long, white hair and glowing red eyes.

The friend screamed and ran out of the attic. He told his friends what he had seen, and they all ran out of the house as fast as they could.

They never went back to that house again.

## **The Creepy Creature**

Once upon a time, there was a creepy creature that lived in the woods. It was tall and thin, with sharp claws and teeth. It had glowing red eyes and long, white hair.

The creature was always hungry, and it loved to eat children. It would sneak up on them when they were playing in the woods, and then it would grab them and drag them back to its lair.

One day, a group of children were playing in the woods when they saw the creature. They ran and ran, but the creature was faster than they were.

The creature caught up to them and grabbed one of the children. The child screamed and cried, but the creature didn't listen.

It dragged the child back to its lair and ate it. The other children watched in horror, and then they ran away as fast as they could.

They never went back to those woods again.
