## History of the Marine Corps

The Marine Corps was founded on November 10, 1775, by the Continental Congress. The first Marines were tasked with providing security for the Continental Navy and landing parties. During the Revolutionary War, Marines played a key role in several important battles, including the Battle of Trenton and the Battle of Yorktown. After the war, the Marine Corps continued to serve as a vital part of the United States military, fighting in every major conflict since the War of 1812.

## Training of Marines

Marines undergo some of the most rigorous training in the military. Boot camp for Marines lasts 13 weeks and is designed to test their physical and mental limits. During boot camp, Marines learn the basics of combat, including marksmanship, close-quarters combat, and field operations. After boot camp, Marines continue to train in their specific job specialties. This training may include additional combat training, as well as specialized training in areas such as aviation, communications, and logistics.

## **Combat Operations and Deployments**

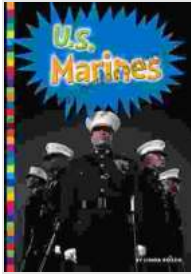

Marines are often deployed to some of the most dangerous and challenging environments in the world. They have served in combat in every major conflict since the War of 1812, including the Civil War, the Spanish-American War, World War I, World War II, the Korean War, the Vietnam War, the Gulf War, and the War in Afghanistan. Marines are also often deployed to provide security for embassies and other diplomatic missions, as well as to conduct peacekeeping operations.
