Once upon a time, there was a group of Pee Wee Scouts who were on a camping trip. They were all excited to be in the great outdoors, but they soon realized that they had forgotten one very important thing: their food!

The Pee Wee Scouts were starting to get worried. They didn't know what they were going to do for food. They searched all around the campsite, but they couldn't find anything.

Just when the Pee Wee Scouts were about to give up hope, they saw something strange. There was a group of eggs sitting on a rock. But these were no ordinary eggs. These eggs had legs!

The Pee Wee Scouts were amazed. They had never seen anything like it before. They decided to take the eggs back to their campsite and cook them for dinner.

The Pee Wee Scouts started to cook the eggs, but they soon realized that something was wrong. The eggs were too tough to eat. They tried everything they could think of, but they couldn't make the eggs soft enough to eat.

The Pee Wee Scouts were starting to get frustrated. They were hungry and they didn't know what to do. Just when they were about to give up, one of the Pee Wee Scouts had an idea.

"I know what we can do," the Pee Wee Scout said. "We can put the eggs in the microwave."

The Pee Wee Scouts decided to give it a try. They put the eggs in the microwave and heated them up. To their surprise, the eggs came out perfectly cooked.

The Pee Wee Scouts were so happy. They had finally found a way to cook the eggs. They ate their dinner and went to bed happy and full.

The next morning, the Pee Wee Scouts woke up and packed up their things. They were ready to head home. As they were walking back to their car, they saw the group of eggs with legs again.

The Pee Wee Scouts decided to say goodbye to the eggs. They thanked the eggs for helping them find food. The eggs waved goodbye and the Pee Wee Scouts went on their way.

The Pee Wee Scouts never forgot the eggs with legs. They learned a valuable lesson that day about the importance of perseverance and

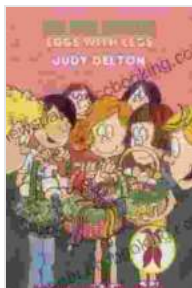

teamwork. They also learned that sometimes, the best things in life come in unexpected packages.
