In *Quieting the Clock, Part Two: Middle School*, authors Julie Lythcott-Haims and Denise Pope address the unique challenges of middle school and offer practical advice for parents on how to help their children succeed.

The book is divided into three parts. The first part provides an overview of the middle school years and the challenges that students face. The second part offers specific advice for parents on how to help their children with

academics, social and emotional development, and extracurricular activities. The third part provides resources for parents, including a list of recommended books and websites.

Quieting the Clock, Part Two: Middle School is an essential resource for parents of middle school students. It provides practical advice and support for parents on how to help their children succeed during this challenging time.

Here are some of the key takeaways from the book:

- Middle school is a time of great change and challenge for students. It is important for parents to be aware of the challenges that their children are facing and to be supportive.
- Parents can help their children with academics by setting high expectations, providing a supportive learning environment, and encouraging their children to seek help when they need it.
- Parents can help their children with social and emotional development by talking to them about their feelings, setting limits, and encouraging them to get involved in extracurricular activities.
- Parents can help their children with extracurricular activities by encouraging them to try new things, setting limits, and providing support.

Quieting the Clock, Part Two: Middle School is a valuable resource for parents of middle school students. It provides practical advice and support for parents on how to help their children succeed during this challenging time.
