Yes, those were earnest days and so are those to those who take in
the full import of the situation. I do not know what we are coming
to; they talk about disfranchising the negro as if it were no
crime; but the pendulum will swing back I think within a while.

I remember the lady who dined at my house. She was very high
intentioned in looking at the table. I wish you would write something
on a good sized card or bit of paper that I could paste on the wall to
myself as a reminder. If you do not or cannot, I should
write something myself. If I live long enough to do the job.

Very sincerely yours,

Susan B. Anthony

I should hope you would
write something to put on the front of the table -
