

Travels in False Binary: A Journey into the Negev Desert

The Negev Desert is a place of stunning beauty and ancient history. It is also a place of conflict and tension. In her memoir, *Travels in False Binary*, Lila sets out on a solo hike through the desert, seeking to find herself and to connect with the land. Along the way, she encounters a diverse cast of characters, including Bedouin shepherds, Israeli soldiers, and fellow travelers. Through her interactions with these people, and through her own experiences in the desert, Lila comes to a new understanding of herself and the world around her.
